## Cell Culture Media & Reagents

LAMPiRE offers custom tissue culture media, reagents, supplements and mouse embryo culture media to the Research Use Only (RUO) market for cell culture and the culturing of embryonic stem (ES) cells, both human and animal. Our cGMP and Quality Management Systems ensure high quality and consistency.

### Searching for the right media for your project?

We have multiple standard offerings in each of the following categories:

- Custom Formulated Tissue Culture
- Salt Solutions
- Cell Dissociation Solutions
- Freezing Media
- Cell Culture Media
- Miscellaneous Reagents
- Embryonic Stem Cell Media
- And many more..

### Customize your formula!

With over 25 years experience in media production, our technical staff will work with you to create a custom formulation, specific for your needs, to optimize your project results.
