WASHED CELLS

GUINEA PIG WASHED CELLS

LAMPIRE Guinea Pig Red Blood Cells are derived from domestically sourced, healthy donor animals. Our cells are isolated, washed, and resuspended, with customization options available. With over 47 years of experience, our team consists of dedicated professionals, and a rigorous QMS system to oversee the process from start to finish. Explore our product listing or contact our Client Relations Team for more information.

CONSISTENCY WITH EVERY ORDER

Lot-to-Lot consistency ensures reliable outcomes.

EXPERTLY SOURCED AND PROCESSED

Domestically sourced from healthy guinea pigs and processed with expertise in our state-of-the-art facility located in Pennsylvania.

CONCENTRATION OPTIONS

Enhance research accuracy with LAMPIRE's Guinea Pig Washed Cells. Choose from 5%, 10%, or 100% suspensions. Custom concentrations available upon request with a surcharge.

RELIABILITY

Ensure on-time deliveries with our standing order option. Our specialists can help tailor a custom order schedule to meet your unique research needs.
